**Read the text very carefully.**

Hello! My name is Linda and I am 13-years old English girl from Manchester.

I'm a student at Kingston Lane Comprehensive School. My favorite subjects are maths and foreign languages, especially Spanish. I'm not very good at history and geography.

I've got a twin brother, Ben. My dad works at the Town Council. He's a civil servant. My mother is a primary school teacher. They are all very important to me.

I'm not very keen on sports. I sometimes go cycling with my brother and friends when the weather is good. I never watch sports on TV, but my dad and Ben always do.

I've got some friends at school. We usually meet on Saturdays and go to the disco. Sometimes we go to the cinema.
